KP ZONE INPUT Specifications:

By turning On option 6 at address P900E in local edit mode, the terminal labelled Input can be programmed to act as a zone on the Elite S. The zone number relates to the Prox Reader Keypad Address, i.e. if Prox Address is 8, the zone can be 8 or 16 (this address can be changed in local edit mode, at P 907 E). You will need to tell the panel to look for the keypad zone by turning On option 4 under P 122 E (zone number 1-16) E. *By default the Input terminal is setup for the Listen-in feature. Feature available on both KP-ICON-OEM & KP-ICON-OEM P version 2 only.*
